### WHY THE AIR SCRUBBER PLUS?

- Certified Space Technology originally developed in cooperation with NASA.
- Provides your home/business a way to clean, purify, and deodorize while removing 99.9% airborne and surface contaminants.
- Banishes lingering household odors, dust, germs, and pet dander
- Reduces irritating particles by continuously sending out Active Pure Scrubbers into your home to significantly reduce allergens like Strep, MRSA, Black Mold, E.coli, pollutants, and other viruses.
- Cleaning never made easier by cleaning surfaces, mopping up offending odors, and reducing harmful airborne contaminants as simple as turning on your furnace, fan, or air conditioning system.
- NO MORE spraying and scrubbing surfaces and releasing strong odors into the air.

**C-IAQMECH \$700**

### THE PERFECT FIT FOR YOU

- Mechanical Air Cleaner - 5" High Efficiency Air Cleaner mounted to back of Air Handler/Furnace with 6-12 month Filtration (\$50 ADMS Price filter replacement cost).
- Combined with Air Scrubber equals a Healthy Home. The air scrubber will make small particulates become larger particulates which allows the mechanical air cleaner to perform even better.
